**Torkildsen's Sport and Leisure Management** Rob Wilson, Chris Platts, Daniel Plumley, 2022-11-01 For nearly 40 years Torkildsen's Sport and Leisure Management has been the most comprehensive and engaging introduction to sport and leisure management available to students at all levels Now in its seventh edition it is still the only textbook that covers all the key topics taught within contemporary sport and leisure management courses This new edition includes expanded coverage of the practical managerial skills that students must develop if aiming for a career in the sport and leisure industry from planning and managing people to marketing entrepreneurship and the law It includes four completely new chapters on the global sport and leisure economy historical development cross sector collaboration and management consultancy reflecting important developments in contemporary sport and leisure This edition retains the hallmark strengths of previous editions including in depth discussion of the social and cultural context of sport and leisure full analysis of the public private and voluntary sectors and a review of key products and services Richly illustrated throughout with up to date evidence data case studies and international examples each chapter also contains a range of useful pedagogical features such as discussion questions practical tasks and structured guides to further reading and resources This is an important resource for students working in fields such as sport management sport business sport development leisure management and events management Dedicated online resources offer additional teaching and learning material for students and lecturers

**Collective Learning for Transformational**

**Change** Valerie A. Brown, Judith A. Lambert, 2013 The drive for change has informed human endeavour throughout history From fields to factories to offices people have always asked how to make things better This innovative book offers a step by step guide for recognising the need for transformational change and kick starting a course of implementation that leads to the creation of a productive just and sustainable future for the given community Drawing on over 300 cases of transformational change planned for and supported through the process of collective learning the book shows how a collective learning model based on open learning among diverse interests can improve communication and achieve lasting system change Part one of the book outlines the theory and practice of collective learning drawing on the experiential learning cycle developed by David Kolb The practice follows the rules of open space learning dialogue and valuing diversity and is flexible allowing adaptation to different situations Case studies in Part two provide examples of collective learning leading to transformational change in a wide range of contexts from cities to councils to organisations Part three offers thirty three activities on which the programme designers can draw in the course of guiding transformational change from team building to community development monitoring evaluation and cross cultural learning This guidebook differs from the traditional management of change Not only does the process begin with sharing ideals only later proceeding to implementation but it also actively harnesses the full set of interests in planning direct action seeking constructive collaboration not consensus This groundbreaking guidebook is designed to be fun accessible and engaging for both students and professionals in the fields of administration and governance
